Enseigner la grammaire et le vocabulaire à l'école - Renée Léon 2014-04-02

La maîtrise de la langue est une

urgence qui introduit nécessairement une nouvelle donne dans l'enseignement de la grammaire, du vocabulaire, de la conjugaison et de l'orthographe à l'école primaire. Comment donner du sens à cet enseignement pour éviter qu'il ne sombre dans la routine, l'ennui et le formalisme ? Comment le penser et l'organiser dans une relation vivante avec la lecture et avec l'écriture ? Autant de questions auxquelles ce livre veut répondre. Il dégage des priorités, il propose des programmations et il décline une typologie de séances au service de la maîtrise de la langue. **The Great Cat Massacre** - Robert  
Darnton 2009-05-12

The landmark history of France and  
French culture in the eighteenth-  
century, a winner of the Los Angeles  
Times Book Prize When the apprentices  
of a Paris printing shop in the 1730s  
held a series of mock trials and then  
hanged all the cats they could lay  
their hands on, why did they find it  
so hilariously funny that they choked  
with laughter when they reenacted it  
in pantomime some twenty times? Why  
in the eighteenth-century version of  
Little Red Riding Hood did the wolf  
eat the child at the end? What did  
the anonymous townsman of Montpellier  
have in mind when he kept an  
exhaustive dossier on all the  
activities of his native city? These  
are some of the provocative questions  
the distinguished Harvard historian  
Robert Darnton answers The Great Cat  
Massacre, a kaleidoscopic view of  
European culture during in what we  
like to call "The Age of  
Enlightenment." A classic of European  
history, it is an essential starting  
point for understanding Enlightenment  
France.

**A Literary Tour de France** - Robert  
Darnton 2018-01-01

The publishing industry in France in  
the years before the Revolution was a  
lively and sometimes rough-and-tumble  
affair, as publishers and printers  
scrambled to deal with (and if  
possible evade) shifting censorship  
laws and tax regulations, in order to  
cater to a reading public's appetite  
for books of all kinds, from the  
famous Encyclopédie, repository of  
reason and knowledge, to scandal-  
mongering libel and pornography.

Historian and librarian Robert Darnton uses his exclusive access to a trove of documents—letters and documents from authors, publishers, printers, paper millers, type founders, ink manufacturers, smugglers, wagon drivers, warehousemen, and accountants—involving a publishing house in the Swiss town of Neuchâtel to bring this world to life. Like other places on the periphery of France, Switzerland was a hotbed of piracy, carefully monitoring the demand for certain kinds of books and finding ways of fulfilling it. Focusing in particular on the diary of Jean-François Favarger, a traveling sales rep for a Swiss firm whose 1778 voyage, on horseback and on foot, around France to visit bookstores and renew accounts forms the spine of this story, Darnton reveals not only how the industry worked and which titles were in greatest demand, but the human scale of its operations. A Literary Tour de France is literally that. Darnton captures the hustle, picaresque comedy, and occasional risk of Favarger's travels in the service of books, and in the process offers an engaging, immersive, and unforgettable narrative of book culture at a critical moment in France's history.

**Husbands, Wives, and Lovers** -

Patricia Mainardi 2003-01-01  
In this interdisciplinary exploration of the cultural and social history of early 19th-century France, Patricia Mainardi focuses on what was considered a major social problem of the time - adultery. In a period when expectations about marriage were changing, the problems of husbands, wives and lovers became a major theme in theatre, literature and the visual arts. The author demonstrates that this intense interest was historically grounded in the post-revolutionary collision between the new concept of the individual's right to happiness and the traditional prerogatives of family and state. duty or happiness more important? Are arranged marriages doomed to be empty of love and poisoned by adultery? Should adulterous wives and their lovers be punished while husbands may commit adultery with impunity? Out of such legal, social and cultural debates ultimately emerged modern bourgeois family values, Mainardi argues. And she illuminates how art, in all its varieties, both influences and is influenced by social change.
