The Latehomecomer - Kao Kalia Yang 2010-12-15

In search of a place to call home, thousands of Hmong families made the journey from the war-torn jungles of Laos to the overcrowded refugee camps of Thailand and onward to America. But lacking a written language of their own, the Hmong experience has been primarily recorded by others. Driven to tell her family's story after her grandmother's death, *The Latehomecomer* is Kao Kalia Yang's tribute to the remarkable woman whose spirit held them all together. It is also an eloquent, firsthand account of a people who have worked hard to make their voices heard. Beginning in the 1970s, as the Hmong were being massacred for their collaboration with the United States during the Vietnam War, Yang recounts the harrowing story of her family's captivity, the daring rescue undertaken by her father and uncles, and their narrow escape into Thailand where Yang was born in the Ban Vinai

Refugee Camp. When she was six years old, Yang's family immigrated to America, and she evocatively captures the challenges of adapting to a new place and a new language. Through her words, the dreams, wisdom, and traditions passed down from her grandmother and shared by an entire community have finally found a voice. Together with her sister, Kao Kalia Yang is the founder of a company dedicated to helping immigrants with writing, translating, and business services. A graduate of Carleton College and Columbia University, Yang has recently screened *The Place Where We Were Born*, a film documenting the experiences of Hmong American refugees. *Laudato Si'* - Pope Francis 2020-10-06  
*Laudato Si'* is Pope Francis' second encyclical which focuses on the theme of the environment. In fact, the Holy Father in his encyclical urges all men and women of good will, the rulers and all the powerful on earth to reflect deeply on the theme of the environment and the care of our planet. This is our common home, we must take care of it and love it - the Holy Father tells us - because

its end is also ours.

**Communities in Action** - National Academies of Sciences, Engineering, and Medicine 2017-04-27

In the United States, some populations suffer from far greater disparities in health than others. Those disparities are caused not only by fundamental differences in health status across segments of the population, but also because of inequities in factors that impact health status, so-called determinants of health. Only part of an individual's health status depends on his or her behavior and choice; community-wide problems like poverty, unemployment, poor education, inadequate housing, poor public transportation, interpersonal violence, and decaying neighborhoods also contribute to health inequities, as well as the historic and ongoing interplay of structures, policies, and norms that shape lives. When these factors are not optimal in a community, it does not mean they are intractable: such inequities can be mitigated by social policies that can shape health in powerful ways.

*Communities in Action: Pathways to Health Equity* seeks to delineate the causes of and the solutions to health inequities in the United States. This report focuses on what communities can do to promote health equity, what actions are needed by the many and varied stakeholders that are part of communities or support them, as well as the root causes and structural barriers that need to be overcome.

*The Undocumented Americans* - Karla Cornejo Villavicencio 2021-04-06 NATIONAL BOOK AWARD FINALIST • One of the first undocumented immigrants to graduate from Harvard reveals the hidden lives of her fellow undocumented Americans in this deeply personal and groundbreaking portrait

of a nation. "Karla's book sheds light on people's personal experiences and allows their stories to be told and their voices to be heard."—Selena Gomez FINALIST FOR THE NBCC JOHN LEONARD AWARD • NAMED A BEST BOOK OF THE YEAR BY THE LOS ANGELES TIMES, THE NEW YORK TIMES BOOK REVIEW, NPR, THE NEW YORK PUBLIC LIBRARY, BOOK RIOT, LIBRARY JOURNAL, AND TIME Writer Karla Cornejo Villavicencio was on DACA when she decided to write about being undocumented for the first time using her own name. It was right after the election of 2016, the day she realized the story she'd tried to steer clear of was the only one she wanted to tell. So she wrote her immigration lawyer's phone number on her hand in Sharpie and embarked on a trip across the country to tell the stories of her fellow undocumented immigrants—and to find the hidden key to her own. Looking beyond the flashpoints of the border or the activism of the DREAMers, Cornejo Villavicencio explores the lives of the undocumented—and the mysteries of her own life. She finds the singular, effervescent characters across the nation often reduced in the media to political pawns or nameless laborers. The stories she tells are not deferential or naively inspirational but show the love, magic, heartbreak, insanity, and vulgarity that infuse the day-to-day lives of her subjects. In New York, we meet the undocumented workers who were recruited into the federally funded Ground Zero cleanup after 9/11. In Miami, we enter the ubiquitous botanicas, which offer medicinal herbs and potions to those whose status blocks them from any other healthcare options. In Flint, Michigan, we learn of demands for state ID in order to receive life-saving clean water. In Connecticut, Cornejo Villavicencio, childless by choice, finds family in two teenage

girls whose father is in sanctuary. And through it all we see the author grappling with the biggest questions of love, duty, family, and survival. In her incandescent, relentlessly probing voice, Karla Cornejo Villavicencio combines sensitive reporting and powerful personal narratives to bring to light remarkable stories of resilience, madness, and death. Through these stories we come to understand what it truly means to be a stray. An expendable. A hero. An American. Of Love and Papers - Laura E. Enriquez 2020-04-28

A free open access ebook is available upon publication. Learn more at [www.luminosoa.org](http://www.luminosoa.org). Of Love and Papers explores how immigration policies are fundamentally reshaping Latino families. Drawing on two waves of interviews with undocumented young adults, Enriquez investigates how immigration status creeps into the most personal aspects of everyday life, intersecting with gender to constrain family formation. The imprint of illegality remains, even upon obtaining DACA or permanent residency. Interweaving the perspectives of US citizen romantic partners and children, Enriquez illustrates the multigenerational punishment that limits the upward mobility of Latino families. Of Love and Papers sparks an intimate understanding of contemporary US immigration policies and their enduring consequences for immigrant families.

**Immigration Options for Religious Workers** - Rodney M. Barker 2005

As the United States becomes more diverse, religious groups and other organizations are inviting religious workers to teach and serve in their communities. Leading immigration practitioners in this area have collaborated to bring you Immigration Options for Religious Workers. With

this book, you will gain insight to the complexities of this category. It covers--Practical Guidance to Presenting Nonimmigrant and Special Immigrant Visa Petitions --Limits of Government Authority Within the Constraints of the First Amendment -- IRS Guidelines on What is Considered a Religious Organization --Filing Requirements, Denials, Appeals and Motions --Different Occupations and How They Differ From Vocations -- Whether a Foreign National Qualifies as a Religious Worker and more Partnering with Immigrant Communities - Gerald Campano 2016-04-08

In a period of increasing economic and social uncertainty, how do immigrant communities come together to advocate for educational access and their rights? This book is based on a five-year university partnership with members from Indonesian, Vietnamese, Latino, Filipino, African American, and Irish American communities. Sharing rich experiences, the authors examine how these diverse groups use language and literacy practices to advocate for greater opportunities. This unique partnership demonstrates how to draw on the knowledge and interests of a multilingual community to inform literacy teaching and learning both in and out of school. It also provides guidelines for reimagining university/community collaborations and the practice of ethical partnering.

Congressional Record - United States. Congress 1969

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States

*Managing Conflict of Interest in the Public Sector A Toolkit* - OECD 2005-08-30

This Toolkit provides non-technical, practical help to enable officials to recognise conflict of interest situations and help them to ensure that integrity and reputation are not compromised.

*Differences that Matter* - Dan Zuberi 2006

Two hotel chains, each with one union and one non-union hotel in Seattle

and Vancouver, provide a vivid crossnational comparison because they are similar in so many regards, the one major exception being government policy. Zuberi demonstrates how labor, health, social welfare, and public investment policy affect these hotel workers and their families. His book challenges the myth that globalization necessarily means hospitality jobs must be insecure and pay poverty wages and makes clear the critical role played by government policy in the reduction of poverty and creation of economic equality. Zuberi shows exactly where and how the social policies that distinguish the Canadian welfare state from the U.S. version make a difference in protecting Canadian workers from the hardships that burden low-wage workers in the United States. - from publisher information.

Couple Counselling - Martin Payne 2010-04-14

Couple Counselling outlines the essential principles and practices of couple counselling. Demystifying this form of therapy, the author provides a step-by-step guide from the first meeting through to subsequent sessions. The book includes a wealth of supporting features including case examples, student exercises, points for reflection and memory-jog pages to use in practice. As well as chapters illustrating counselling for problems frequently experienced by couples, such as sexual difficulties, infidelity, violence and abuse, key content includes: cultural differences in couples workvarieties of committed relationshipsresponses to specific difficultiesethical issues that arise as a result of working with two peoplegender differences in relation to the counsellor s own sexuality and/or gender the value of training courses and supervisionpersons narratives as a basis for changeThis book comprises

a sound basis for one-to-one practitioners wishing to expand their expertise and practice of therapy into working with couples, and for students training in this mode of counselling. "

*Court Decisions Relating to the National Labor Relations Act* - United States. National Labor Relations Board 1986

*The Healthcare Community and Australian Immigration Detention* - Ryan Essex 2020-10-20

Australia has one of the harshest immigration detention regimes in the world, labelled cruel and degrading and a crime against humanity; these policies have been widely condemned. This book calls for a shift in how the healthcare community approaches Australian immigration detention, calling for non-violent resistance to be incorporated in future efforts that seek change. Fundamentally, such an approach recognizes that if change is to be realized a shift is needed beyond evidence and reasoned argument; future efforts need to confront injustice, resisting and undermining what creates and sustains these policies. This book provides a rationale for such action and considers the justification of three different 'types' of action in detail; strike action, whistleblowing and principles disobedience.

Social Work with Immigrants and Refugees - Elaine P. Congress, DSW 2008-10-27

"This book is an optimal tool for instructors and students of graduate classes in social work and related disciplines." --Journal of Immigrant and Minority Health "I applaud social work students, professors, and social workers who seek to serve and empower the immigrant community. This text is a great tool toward raising awareness of the many issues immigrants face, and helping them find solutions." --

Frank Sharry, Executive Director, America's Voice "The book is a major contribution to social workers and their clients as it addresses advocacy on behalf of immigrants and refugees during a social, economic and political period that restricts immigrants' rights and service access." --Dr. Diane Drachman, Associate Professor, University of Connecticut School of Social Work Successful social work with immigrants must begin with an understanding of their legal status and how that status impacts their housing, employment, health care, education, and virtually every other aspect of life. Chang-Muy and Congress present social workers with the only book on the market to emphasize the legal aspect of immigrant issues as well as critical practice and advocacy issues. Topics discussed include historical and current trends in immigration, applicable theories for practice with immigrants, policy and advocacy methods, and the need for cultural competence. By providing comprehensive coverage of both the legal and practice issues of this complex field, this book will help social service professionals and graduate students increase their cultural sensitivity and work more effectively with immigrants. Key Features: Covers the latest aspects of the immigration debate and discusses how social workers are affected by emerging immigration policies Discusses special populations such as refugees, elderly immigrants, and victims of international trafficking Includes case studies on the most critical issues immigrants face today: legal processes, physical and mental health issues, employment difficulties, family conflicts, and more Instructional Materials Available! *Immigration Controls, the Family and the Welfare State* - Steve Cohen  
2001-01-18

Cohen challenges the assumption that one cannot work for the central or local government and challenge it at the same time. He does not encourage law breaking, but provides practical suggestions on how an official can act within the law without intentionally magnifying the problems of the person the official is obliged to serve. This book is challenging and deliberately thought-provoking, but it answers the question "what do I do?" This book should be on any syllabus on immigration and social work. Cohen has provided a thoughtful answer to many of the problems that those in social services and school are compelled to confront daily. He has done a fantastic service for all those concerned with the issue of immigration and asylum. This book cannot be praised highly enough.' - SAGE Race Relations Abstracts

'Immigration Controls, the family and the Welfare State is all in favour of the right of Labour to migrate. The rich can always find new markets or new places to build factories, while workers are denied the same right to move. This is the most practical book you could imagine. Each chapter includes case studies and suggests how a campaign around them could work' - Socialist Review

'Written primarily for social and welfare workers and advisers, the book sets out to unravel the complexities of immigration law, and its impact on the family and welfare rights. Among

other things the book covers the history of controls, the practical application of law (using case studies), applying for immigration status, working with asylum seekers, interviewing, report writing, and liaison between welfare professionals, advisers and legal representatives. The author is an immigration lawyer with 25 years experience. He is former coordinator of the Greater Manchester Immigration Aid Unit, having practiced at the bar. - Welfare Benefits 'Steve Cohen is a veteran anti-racist campaigner who has for 25 years worked as an immigration adviser, and has during that period produced lucid and compelling analysis of immigration controls and the welfare state Each chapter starts with a casework problem raising important issues of practice. The issue may be about whether the headteacher of a state school can enrol a child who has been admitted for private education; or whether an 80-year-old with no permission to stay can get meals on wheels. In chapters on marriage, children, unmarried partners, asylum and on benefits, education, housing, social and health services and probation, he combines history and comprehensive guidance he explains when and why it is necessary for local authority or voluntary sector workers to ask their clients about their immigration status; how it should be done and the consequences of not doing so This book is absolutely unique in its contribution of "law, theory, politics and practice" and it is absolutely indispensable for anyone working with those affected by immigration controls.' - CARF62 'This is a work of political polemic, with an ace handbook attached. It presents current immigration law and practice for practitioners in education and the medical and social services, from

an explicit anti-racist stance. It will also be of considerable use to the specialist legal practitioner It explains immigration issues as they might arise in the context of different areas of practice. Each chapter begins with a true-life tale and a casework example. Examples drawn from life and history are given throughout. The structure of the book is clear and the index likewise useful The book is to be particularly commended to all practitioners for its readability and accessibility, which is achieved without any loss of clarity about the law.' - Family Law The increasingly close relationship between immigration controls and the welfare state makes the law highly relevant to many professional groups, including workers within local authorities, the voluntary sector and the welfare state. In this comprehensive handbook Steve Cohen examines the law, including the 1999 Immigration and Asylum Act, as it applies to the relationship between issues of welfare, immigration control and refugee status, giving pointers for good practice. The practical application of the law is illustrated with a wealth of case studies. The guidelines for anti-racist practice, campaigning, contesting immigration status, working with asylum-seekers, interviewing, report writing and liaising between welfare professionals and legal representatives make this book an essential resource for all professionals working in this field. **The Promise of Adolescence** - National Academies of Sciences, Engineering, and Medicine 2019-07-26 Adolescence"beginning with the onset of puberty and ending in the mid-20s" is a critical period of development during which key areas of the brain mature and develop. These changes in brain structure, function, and connectivity mark adolescence as

a period of opportunity to discover new vistas, to form relationships with peers and adults, and to explore one's developing identity. It is also a period of resilience that can ameliorate childhood setbacks and set the stage for a thriving trajectory over the life course. Because adolescents comprise nearly one-fourth of the entire U.S. population, the nation needs policies and practices that will better leverage these developmental opportunities to harness the promise of adolescence" rather than focusing myopically on containing its risks. This report examines the neurobiological and socio-behavioral science of adolescent development and outlines how this knowledge can be applied, both to promote adolescent well-being, resilience, and development, and to rectify structural barriers and inequalities in opportunity, enabling all adolescents to flourish.

**The House of Broken Angels** - Luis Alberto Urrea 2018-03-06  
In this "raucous, moving, and necessary" (San Francisco Chronicle) story by a Pulitzer Prize finalist, the De La Cruzes, a family on the Mexican-American border, celebrate two of their most beloved relatives during a joyous and bittersweet weekend. National Bestseller and National Book Critics Circle Award finalist A New York Times Notable Book / One of the Best Books of the Year from National Public Radio, American Library Association, San Francisco Chronicle, BookPage, Newsday, BuzzFeed, Kirkus Reviews, St. Louis Post-Dispatch, Literary Hub "All we do, mija, is love. Love is the answer. Nothing stops it. Not borders. Not death." In his final days, beloved and ailing patriarch

Miguel Angel de La Cruz, affectionately called Big Angel, has summoned his entire clan for one last legendary birthday party. But as the party approaches, his mother, nearly one hundred, dies, transforming the weekend into a farewell doubleheader. Among the guests is Big Angel's half brother, known as Little Angel, who must reckon with the truth that although he shares a father with his siblings, he has not, as a half gringo, shared a life. Across two bittersweet days in their San Diego neighborhood, the revelers mingle among the palm trees and cacti, celebrating the lives of Big Angel and his mother, and recounting the many inspiring tales that have passed into family lore, the acts both ordinary and heroic that brought these citizens to a fraught and sublime country and allowed them to flourish in the land they have come to call home. Teeming with brilliance and humor, authentic at every turn, *The House of Broken Angels* is Luis Alberto Urrea at his best, and cements his reputation as a storyteller of the first rank. "Epic . . . Rambunctious . . . Highly entertaining." --New York Times Book Review "A raucous, moving, and necessary book . . . Intimate and touching . . . the stuff of legend." --San Francisco Chronicle "An immensely charming and moving tale." --Boston Globe

**Black Identities** - Mary C. WATERS 2009-06-30

The story of West Indian immigrants to the United States is generally considered to be a great success. Mary Waters, however, tells a very different story. She finds that the values that gain first-generation immigrants initial success--a willingness to work hard, a lack of attention to racism, a desire for education, an incentive to save--are undermined by the realities of life and race relations in the United States. Contrary to long-held beliefs, Waters finds, those who resist Americanization are most likely to succeed economically, especially in the second generation. *State Criminal Alien Assistance Program* - 1996

**Global education monitoring report, 2019** - UNESCO 2018-12-03

The Report examines the education impact of migration and displacement across all population movements: within and across borders, voluntary and forced, for employment and education. It also reviews progress on education in the 2030 Agenda for

Sustainable Development. In view of increasing diversity, the report analyses how education can build inclusive societies and help people move beyond tolerance and learn to live together.

Conducting Immigration Evaluations -

Mariela G. Shibley 2022-04-29

This book prepares mental health professionals to conduct a thorough psychological assessment of individuals involved in immigration proceedings and present the results in a professional report. Written by a licensed clinical psychologist with input from an attorney certified in Immigration and Nationality Law, the book uses clear language that makes it accessible to experienced and novice therapists alike. Chapters present a basic legal understanding of various types of immigration cases and detail the process of conducting the clinical interview, choosing the psychological instruments appropriate for each case, and writing the report. The book also covers practical considerations such as testifying in immigration court and expanding your practice to include immigration evaluations. Vignettes and sample reports link theory to real-world situations, drawing from the authors' multiple years of combined experience. This book is an essential guide for clinicians who want to assist the diverse and often disempowered population of immigrants and their families.
