Rightly Dividing the Word - Ira Milligan

2011-11-15

The Old Testament and the Gospels have three levels of interpretation: historical, Christological, and prophetic. Because Christ is fully revealed in the New Testament, the epistles have only two levels, the historical and the prophetic. Much is lost when

Christians only see and study the Scriptures from the historical vintage point. Rightly Dividing the Word reveals these hidden prophetic treasures to the discerning student.

**The Cosmic Code** - Zecharia Sitchin 2002-03-01

Reveals Zecharia Sitchin's groundbreaking research into the code left behind by the creators of humanity. • Explains how the Anunnaki were not merely the mythical gods of the Sumerians, but rather the founders of human life on Earth. • Using Biblical and ancient Sumerian sources, explains how to decode these messages our star ancestors left behind. Daring to challenge our long-held beliefs about the origins of man, Zecharia Sitchin suggests that humans are not the children of God, but rather the children of the Anunnaki, an ancient race from the planet Nibiru. His revolutionary theories are supported by his intense scrutiny of not only ancient Sumerian texts but also stone structures all over the world. The similarities and astrological significance of these formations suggests that rather than looking for guidance from leaders here on Earth, humanity should instead look to the sky for

answers. The Earth Chronicles deal with the history and prehistory of Earth and humankind. Each book in the series is based upon information written on clay tablets by the ancient civilizations of the Near East. For the first time, the entire Earth Chronicles series is now available in a hardcover collector's edition.

*The Life Codes* - Patty Harpenau 2010-05-27

In the tradition of *The Alchemist* comes an internationally bestselling novel based on the author's own mystical journey to discover the seven secrets to creativity, abundance, healing, and love. Unsatisfied and unfulfilled by her understanding of life after the death of her father, Michal journeys to Jerusalem to see if the great mystic rabbis hold any answers. What she discovers, and what Patty Harpenau learned, were the seven secret codes to live by. *The Life Codes* embodies the mystical essence of Judaism, Christianity, and Islam that have been locked in secret texts and whispered in private ritual only to men of a certain age. Patty Harpenau broke down barriers when she was given these codes, and in this novel based on her own spiritual journey, she shows the process of discovery

and how to apply these seven secrets to our lives in order to fulfill our purpose and our potential. Each of the seven codes is revealed as part of Michal's narrative. Each of the seven chapters ends in questions that help readers integrate the code into their lives and develop their own spiritual paths to peace, creativity, abundance, self-acceptance, love, and happiness. It is a heart-wrenching story of love; of relationships that transcend time, life, and death; and of a woman breaking through barriers to achieve her greatest aspiration.

**Albion's Seed** - David Hackett Fischer 1991-03-14

This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were

created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

The Moses Code - James F. Twyman 2010-03

Is it possible that nearly 3,500 years ago, Moses was given the secret for attracting everything you've ever desired? The Moses Code was first used to create some of the greatest miracles in the history of the world, but then it was hidden away, and only

the highest initiates were allowed to practice it. In this book, James F. Twyman reveals the Code for the first time, showing how it can be used to create miracles in your life . . . and in the world. By practicing the principles presented within these pages, you'll discover how you can integrate the most powerful manifestation tool in the history of the world into your own life. At the very heart of the Moses Code is the true function and practice of the Law of Attraction. You may have been told that this Law is all about "getting" the things you want—things that you think will make your life more satisfying. But what if that's just the first step, and cracking the Moses Code depends more on what you're willing to "give" rather than "get." That would mean that you have the power to create miracles in your liferight now! It would also mean that you have the ability, even the responsibility, to use that power for more than just

attracting money, a better car, or the perfect relationship. You're here to use the power of Divinity itself to create a world based on the laws of compassion and peace. That's the task that lies before us.

From Seed to Fruit (Revised and Enlarged Second Edition) - J. Dudley Woodberry 2008-06-01  
The revised and enlarged second edition of J. Dudley Woodberry's *From Seed to Fruit* expands on the next stage of the ongoing collaborative research and reflections of many people from many organizations desiring to bless Muslims. Seven additional chapters survey major trends in global Islam today and explore themes that prove to have considerable influence on fruitfulness, including a new chapter on building Christlike relationships with Muslims. The Global Trends Research Group has continued to update the demographic materials on Muslim people groups, their access to Christian witness, and when and how Christian groups

covenant to provide meaningful access. From Seed to Fruit presents the most recent worldwide research on witness to Christ among Muslim peoples, using biblical images from nature to show the interaction between God's activity and human responsibility in blessing these peoples.

**The Secret Code of the King James Bible** -  
Abdullahi Mubarak 2012-12-07

This book, I believe, for the first time reveals knowledge that has been buried in the Bible under a secret code. There have been many attempts to uncover this code, and all previous attempts have contributed in a positive way to this writing. The book is my personal contribution to improvement of

mankind through the acknowledgment of the truth and the defeat of falsehood. I am not, though, writing this with rose-colored glasses. There will always be those who hate the Truth for personal worldly gains, those who take comfort in falsehood, those who would follow blindly what their ancestors believed (true or false), those who worship at the altar of their base desires, and those who benefit from evil in the world. The ultimate victory of Truth over falsehood is with God Almighty, and I wish that the reader is guided to the Truth. This book is also a way to thank God Almighty for guiding me away from falsehood, and this book is for others like me.

*The Divine Mind* - Michael Gellert 2018-01-02

A Jungian psychoanalyst with a background in Judaism and Zen Buddhism explores the history of God concepts in the Judeo-Christian and Islamic

traditions. This book is about the Abrahamic God's inner journey, an epic that begins in the Hebrew Bible—the common source of Judaism, Christianity, and Islam. This God emerges as a living, textured personality as tormented as a Shakespearean character and as divided against humanity as the devil who personifies his dark side. Yet in heroic fashion, he embarks on a journey to greater consciousness, stretching into himself in the Talmud, New Testament, Qur'an, and Gnostic writings. Then finally, with and through the Jewish, Christian, and Islamic mystics, he discovers his true self as the absolute Godhead. He takes up residence in their psyches as their own Divine Mind or true self. The book suggests that what God learned from his journey might be something that we in turn could learn from and that could help us at the dawn of the twenty-first century. In this way, God's inner journey becomes a metaphor for

our own. Michael Gellert, a Jungian psychoanalyst, treats this story and the sacred writings that convey it as psychological facts—as expressions of the human psyche—regardless of whether or not God actually exists. He shows how the Hebrew Bible presents God as a primitive, barbaric tribal war god while centuries later the mystics portray him as their innermost essence and emptied of all projected, external, anthropomorphic images. Thus, God's inner journey and the evolution of human consciousness—his story and ours—parallel each other and are integrally related. Rich in historical detail and psychological insights, this is a book that will be welcomed by seekers of every background and orientation.

**The Kabbalah Code (EasyRead Super Large 18pt Edition)** - James F. Twyman 2009-10-06

"The greatest lessons we learn usually come through the adventures that shape and change our lives. This adventure came upon me as a great

surprise. I didn't set out to do any of the things you're about to read, nor did I initially think they would result in a book that others might find valuable. But the more I sat with it and reflected on the details of those two extraordinary days in Paris, the more I realized that this experience wasn't meant for Phil and me alone. I'm lucky to have traveled around the world as a Peace Troubadour and to have had many such adventures, but there still may be those who read these words and think, Come, on did that really happen? ... But there's a deeper truth, and that is what I'm more interested in portraying here. A number of the events in this book will seem amazing and perhaps even unbelievable, but the truth behind them all is the same: we currently have the opportunity to use this universal wisdom to change the world and inspire lasting peace. The only question that remains is, Will We accept the challenge? Get ready for a story

that may change your life. At the very least, it will unlock doors and reveal hidden treasures you may not have even known you've had. I do know that the ancient teachings of Kabbalah are as important today as they've ever been, and this story may be a first step in understanding its vast implications. I don't claim to be an authority in this rich science, as you'll soon discover, but at least I've had the chance to peek inside the temple. That's all it took to hook me for life." ----James F. Twyman

**The Kabbalah Code** - James F. Twyman 2009-05-01  
During the world premiere of The Moses Code movie, an angry audience member challenges James Twyman in a very unusual way. She says that his ideas surrounding the story of Moses and the name given to him by God, "I AM THAT, I AM," are incomplete. It wasn't a comma that

unlocked the secrets of creation, but a Yud, the most sacred letter in the Hebrew alphabet (which looks very much like a comma). Thus begins Twyman's quest to discover the true meaning of the Sacred Names of God, leading him to an adventure in Paris that changes his life forever. Within these pages, James enters the world of the ancient Kabbalah, the mystical teachings of Judaism, and realizes that the rabbit hole goes far deeper than he thought. Join James and Phil Gruber—a friend and spiritual teacher who decides to initiate this incredible journey—as they travel to ten of the most sacred sites in Paris, unlocking the secrets found in the many Names of God and revealing lost teachings that may change the world. Written in the style of a high adventure such as *The Da Vinci Code* and *The Celestine Prophecy*, this is an unforgettable book that will draw you into a world of intrigue and Kabbalistic lore.

The Proof - James F. Twyman 2009-10-15

The saints and mystics are unanimous in their belief that we are not the separate beings we believe ourselves to be, but that we are in reality—One.

Best-selling author, filmmaker, and musician James Twyman tested this in a dramatic experiment that has inspired hundreds of thousands of people. A volunteer hid a book somewhere in the Continental U.S., and while that person focused on the location, they boarded a flight and found the actual hiding spot in Seattle, proving that thoughts can be shared and that we are not as isolated as we once thought.

The Proof teaches how anyone can accomplish the same task, proving to themselves that separation really is an illusion. Through step-by-step instructions, you'll be able to tap into your own hidden power to achieve the miracles you only dreamed of before. The book also contains a 40-Day program for embodying Oneness in your life. This is more than an instruction manual, but a doorway into a new world.

The Unshakeable Truth - Dr. Steven Catalano  
2019-10-28

The Unshakable Truth is a nondenominational Christian guide to inner peace, based on true biblical facts. A system of cross-referencing is used to quote multiple scriptures to provide the believer with the truth in God's instruction from His written Word. With divine inspiration, I clarify all the confusion to the questions asked: Was Jesus Christ the Son of God? Is there really the Trinity? Is there only one

God? As Christians today, are we expected to live under the Ten Commandments or abide in the blood covenant of Jesus Christ crucified? Do Christians of today live by sight or faith? What does it mean to live in faith, love, and blood and fear? Is there really a history and message of the cross, or is it just a shocking holy thing? I have answered these questions and more, through biblical facts and revelation from God. I can tell you that God does have a prescribed order for Christian living today and that God spoke to Jesus and that there is only one God and none like God.

**The Golden Fleece Found!** - Basil Hill 2005

Most people are pursuing an assumed correct philosophy, right marriage, right religious persuasion, right relationship etc. How many, like Jason, have found their Golden Fleece? The

question begs: is there a yardstick to measure all philosophies? The pursuit of the identity of Jason revealed these gems: ancient secret libraries, the locations of Lost Tribes of Israel, a meta-code in the Temple of Solomon, and a spirit-level to test major doctrines. Also from the blueprint of Solomon's Temple, wisdom above 33; is released for the first time. From that wisdom, the following contentious issues can be resolved: 1) is the Universe a clock? 2) was it made or did it evolve? 3) debating evolution vs. creation. 4) is there a Great Architect of the Universe, called God Almighty? 5) the real causes of the Middle East conflict. 6)

Christianity/Islam/Judaism, religious persuasions or pretexts for conflicts? Naturally, these timely revelations will stir up hornets nests of controversy, in that many perceived truths WILL BE upturned. The Golden Fleece Found allows doctrines held sacrosanct to be vetted against a true "spirit level."

The most often asked, yet unanswered questions from over 100 countries are addressed in meticulous details. Veeeeerrrry interesting!!!! Definitely a must read!

**Inner and Outer Meanings of Bible** - Singh M.

Parashar 2018-01-11

This work has been dedicated to those Jews who were handed over to the Nazis. A bible is composed of good news and bad news. The divine Bible is infallible, and the human Bible is fallible (due to an

absence of inner meanings). We should throw out all unscientific facts from the Bible. Torah is the journey from the temple to synagogue, from the priest to learned rabbis, and from revelations to reason. Judaism is a change from the path of devotion to the path of knowledge and good deeds. Judaism tells us that God has no rival and God is greater than nature. Nature is the rival of God. Judaism says that God is the author of good and evil. Good is from God, and evil is from nature. Marx wrongly believed in historical materialism. Historical events took place according to historical spiritualism. Geographical boundaries were changed again and again after the birth of a new religion or sect. The creator of a thing will always try to make use of the thing created by him. Infinite area of land on other planets is lying unused. Such a consideration causes us to say that the world is eternal. It is claimed that a woman with six or more

breasts can descend on earth either by scientific means or by confining the circle of marriages within those families who give birth to two or more children at one time. God is concerned with the spirit, and God is not concerned with physical body. The physical body of every man is fully under the control of the causal laws of nature. God and nature are not identical.

*Inner and Outer Meanings of New Testament* - Singh M Parashar 2018-11-07

The God Christ is different from the historical Christ .Without a ban on celibacy and asceticism,

Christianity will die and disappear from the earth. Most of the teachings given by Christ are meant for sages and saints living in the monasteries, and they are not meant for the common man living in the street. The employers say, "No work, no pay," but God says, "No work, no grace." According to inner meanings, the dead body of Christ was shifted from the old tomb to a new tomb by one of his followers. A belief in resurrection of Christ is false. God and nature are two different and independent realities in the world. Our libido is created by all the instinct found in human race and in our animal ancestors. The major part of conscience is acquired from society. However, a minority of conscience is innate and transmitted into us from our animal ancestors.

The altruist apes preferred to face the tiger and protect their females and offspring. The egoistic ape preferred to run away from the tiger. The interbreeding of altruistic apes and egoistic apes created in man a conflict between good and evil. We can know the difference between right and wrong by the rule of substitution. The sense of space is created by the inverse square law. There is only a phenomenal aestheticism, and there is no transcendental aestheticism. The world is eternal. It is claimed that a woman with six or more breasts can descend on earth either by scientific means or by confining the marriages between those families that give birth to two or more children at one time. This work has been dedicated to martyr Nathuram Vinayak Godse.
