**Skaldic Verse and the Poetics of Saga Narrative** - Heather O'Donoghue 2005-08-11

Skaldic Verse and the Poetics of Saga Narrative is a detailed reading of a series of sophisticated medieval narratives, the Old Norse-Icelandic sagas. It shows how saga authors achieved a wide range of stylistic and psychological effects through the interplay of prose and verse: bringing history to life, presenting fiction as if it were history, and providing saga characters with dramatic dialogue and strange soliloquies.

**West Over Sea** - Beverley Ballin Smith 2007

This volume is a collection of 30 papers on the broad subject of the Scandinavian expansion westwards to Britain, Ireland and the North Atlantic, with a particular emphasis on settlement. The volume has been prepared in tribute to the work of Barbara E. Crawford on this subject, and to celebrate the twentieth anniversary of the publication of her seminal book, *Scandinavian Scotland*. Reflecting Dr Crawford's interests, the papers cover a range of disciplines, and are arranged into four main sections: History and Cultural Contacts; The Church and the Cult of Saints; Archaeology, Material Culture and Settlement; Place-Names and Language. The combination provides a variety of new perspectives both on the Viking expansion and on Scandinavia's continued contacts across the North Sea in the post-Viking period. Contributors include: Lesley Abrams, Haki Antonsson, Beverley Ballin Smith, James Barrett, Paul Bibire, Nicholas Brooks, Dauvit Broun, Margaret Cormac, Neil Curtis, Clare Downham, Gillian Fellows-Jensen, Ian Fisher, Katherine Forsyth, Peder Gammeltoft, Sarah Jane

Gibbon, Mark Hall, Hans Emil Liden, Christopher Lowe, Joanne McKenzie, Christopher Morris, Elizabeth Okasha, Elizabeth Ridel, Liv Schei, Jón Viðar Sigurðsson, Brian Smith, Steffen Stumann Hansen, Frans Arne Stylegård, Simon Taylor, William Thomson, Gareth Williams, Doreen Waugh and Alex Woolf.

Women in Christianity - Hans Küng  
2010-07-15

For two years Küng guided a research project on Women and Christianity, funded by the Volkswagen Foundation. For most of the religions of the world, women are a problem. From time immemorial they have been subordinate to men, second class in the family, politics and business with limited rights and even limited participation in worship. It is not only in Christianity that equal rights for women has been a scandalously neglected issue. By an examination of the history of women in Christianity, Küng points to the scandals of the past. The prohibition of women servers at Mass and of the ordination of women to the diaconate and the priesthood are symptomatic of a male dominated Church, which takes a consistently 'negative' attitude towards contraception, abortion and divorce. Roman Catholic Canon Law is androcentric and male dominated. From his position of intellectual freedom, as an independent Professor at the University of Tübingen, Küng is free to analyse the mistakes of the past and to sketch out a new theology of Women in the Church. This is not stridently feminist but sees the role of women as being vital for the development of the Church as an institution and for preaching the Christian Gospel.

**Collected Poems** - Federico García Lorca 2018-08-14

A revised edition of this major writer's complete poetical work And I who was walking with the earth at my waist, saw two snowy eagles and a naked girl. The one was the other and the girl was neither. -from "Qasida of the Dark Doves" Federico García Lorca was the most beloved poet of twentieth-century Spain and one of the world's most influential modernist writers. His work has long been admired for its passionate urgency and haunting evocation of sorrow and loss. Perhaps more persistently than any writer of his time, he sought to understand and

accommodate the numinous sources of his inspiration. Though he died at age thirty-eight, he left behind a generous body of poetry, drama, musical arrangements, and drawings, which continue to surprise and inspire. Christopher Maurer, a leading García Lorca scholar and editor, has brought together new and substantially revised translations by twelve poets and translators, placed side by side with the Spanish originals. The seminal volume Poet in New York is also included here in its entirety. This is the most comprehensive collection in English of a poet who—as Maurer writes in his illuminating introduction—"spoke unforgettably of all that most interests us: the otherness of nature, the demons of personal identity and artistic creation, sex, childhood, and death."

**Judge For Yourself, Take Your Own Stand** - Vg Johnson 2021-05-14

What is "critical analysis"? Ask the question to ten different people and you may receive ten different answers. It is one of those concepts that retains elusive qualities: similar to the often mysterious and ever so present "They". The need for constant critical analysis has never been so pronounced as it is in the 21st century. The explosion of innovative communication technologies and the advent of intelligent machines of our creation have fundamentally changed the world as humanity has traditionally viewed it. This concise book explores the concept of critical analysis by evaluating five areas: perspective, bias, correlation, moral influence, and the equilibrium of liberty, altruism, and justice. The book focuses on the definition, application, and context of terms and concepts that emerge as barriers to understanding in everyday life. The reader gains new abilities for understanding which could allow a person to quantify the qualification of their judgment in any given scenario. Ultimately, a reliance on "gut instinct" is decreased while repeatability and dependability of judgment is increased. The conciseness of the text means that a

person can reread the book as often as necessary to reinforce the concepts and strengthen one's capacity for critical analysis.

*Dark Side of the Tune: Popular Music and Violence* - Professor Bruce Johnson 2013-01-28

Written against the academically dominant but simplistic romanticization of popular music as a positive force, this book focuses on the 'dark side' of the subject. It is a pioneering examination of the ways in which popular music has been deployed in association with violence, ranging from what appears to be an incidental relationship, to one in which music is explicitly applied as an instrument of violence. A preliminary overview of the physiological and cognitive foundations of sounding/hearing which are distinctive within the sensorium, discloses in particular their potential for organic and psychic violence. The study then elaborates working definitions of key terms (including the vexed idea of the 'popular') for the purposes of this investigation, and provides a historical survey of examples of the nexus between music and violence, from (pre)Biblical times to the late nineteenth century. The second half of the book concentrates on the modern era, marked in this case by the emergence of technologies by which music can be electronically augmented, generated, and disseminated, beginning with the advent of sound recording from the 1870s, and proceeding to audio-internet and other contemporary audio-technologies. Johnson and Cloonan argue that these technologies have transformed the potential of music to mediate cultural confrontations from the local to the global, particularly through violence. The authors present a taxonomy of case histories in the connection between popular music and violence, through increasingly intense forms of that relationship, culminating in the topical examples of music and torture, including those in Bosnia, Darfur, and by US forces in Iraq and Guantánamo Bay. This, however, is not simply a succession

of data, but an argumentative synthesis. Thus, the final section debates the implications of this nexus both for popular music studies itself, and also in cultural policy and regulation, the ethics of citizenship, and arguments about human rights.

**Vampire's Cattle** - Jessie Jean Ketz 2021-05-18

The world is no longer run by humans. Taken over by vampires a thousand years ago, the planet has been able to rejuvenate, and is now governed as a civilized society by The Collective. Prince Alexander Gronovski and his family are the owners of the world's only all female cattle farm. Their responsibility - to provide vampire kind with feeders, and carriers for their offspring. The only way vampires can produce pure blood children is to undergo the impregnation ceremony. Alex and his lover Jade must oversee the ceremony and deliver the vampire babies whilst fending off his killer father, a promised bride and hormonal humans.

*Death and Destruction* - Patricia Logan 2016-06-16

Forced to go into witness protection, ATF Special Agent Thayne Wolfe, is less than thrilled. The State's

Attorney needs him to testify against one of the most ruthless and notorious arms dealers in the world. Expecting boredom and lots of daytime television, he instead ends up with a ridiculous new job, a stupid new name, and the world's most annoying shadow. Jarrett Evans, is nevertheless tasked with keeping Wolfe alive long enough to put Mills Lang and his crew away for the rest of their miserable lives. Jarrett Evans, former Marine, has always been a free spirit, doing the dirty work for Uncle Sam whenever and wherever he's needed. One of the best snipers in the world, Evans is at peace with the man he's become. That doesn't mean he's ever liked the cold-blooded killer who stares back at him from the mirror every day. The moment he meets pretty boy Thayne Wolfe, things start a slow change and redemption begins to sound possible. Mills Lang, the world's most ruthless arms dealer, is little more than a serial killer in his own right. Rotting away in prison with nothing but time on his hands, Lang is determined to destroy the man he allowed into his inner circle. Thayne Wolfe will die in the most painful way... along with anyone he loves.

*Miradas sobre pasado y presente en el cine español (1990-2005)* - 2008-01-01 El cine español contemporáneo (1990-2005) dedica mucha atención a la rememoración del pasado (Segunda República, la Guerra Civil, el período franquista,...) y la realidad social (el paro, la violencia doméstica, inmigración, eutanasia,...). Directores renombrados como Pedro Almodóvar, Alejandro Amenábar, Fernando León de

Aranoa, Icíar Bollaín, o Isabel Coixet, muestran este interés dentro de sus miradas cinematográficas. La gran popularidad de este cine ha estimulado su migración en pantallas ajenas y dentro de contextos universitarios nacionales e internacionales. Este libro reúne unos veinte artículos, de investigadores americanos y europeos, que ilustran las múltiples tradiciones culturales en vigor dentro de los estudios cinematográficos, y que enfocan al mismo tiempo el tema central del libro: ¿Cómo se puede leer, la mirada de los autores españoles, sobre el pasado y el presente, dentro del contexto de su cine nacional?

**Sturlunga Saga** - Stephen Norman Tranter 1987

«The less prepared the body of good men within the land are to act as mediators, the longer, more violent and less reconcilable will be the conflicts through which the land is plagued.» The prefatory sagas of the Sturlunga compilation develop this principle by incremental repetition of themes, of disintegration, of mediation and its collapse, of flawed reconciliation; the central work of the compilation, Sturla Thordarson's «Islendinga saga», provides the proof. The compilation as an entity

is an «exemplum» calling on the leaders of 14th-Century Iceland to settle their differences amicably and avoid a return to Sturlung Age chaos.

The Way Home - George P. Pelecanos 2009-05-12

Christopher Flynn is trying to get it right. After years of trouble and rebellion that enraged his father and nearly cost him his life, he has a steady job in his father's company, he's seriously dating a woman he respects, and, aside from the distrust that lingers in his father's eyes, his mistakes are firmly in the past. One day on the job, Chris and his partner come across a temptation almost too big to resist. Chris does the right thing, but old habits and instincts rise to the surface, threatening this new-found stability with sudden treachery and violence. With his father and his most trusted friends, he takes one last chance to blast past the demons trying to pull him back. Like Richard Price or William Kennedy, Pelecanos pushes his characters to the extremes, their redemption that much sweeter because it is so hard fought. Pelecanos has long been celebrated for his unerring ability to portray the conflicts men feel as they search and struggle for power and love in a world that is often harsh and unforgiving but can ultimately be filled with beauty.
