Hold the Line - Michael Fanone 2022-10-11

INSTANT NEW YORK TIMES BESTSELLER An urgent warning about the growing threat to our democracy from a twenty-year police veteran and former Trump supporter who nearly lost his life during the insurrection of January 6th. When Michael Fanone self-deployed to the Capitol on January 6, 2021, he had no idea his life was about to change. When he got to the front of the line, he urged his fellow officers to hold it against the growing crowd of insurrectionists—until he found himself pulled into the mob, tased until he had a heart attack, and viciously beaten with a Blue Lives Matter flag as shouts to kill him rang out. Now, Fanone is ready to tell the full story of that fateful day, along with exploring our country's most critical issues as someone who has had firsthand experience with many of them. A self-described redneck who voted for Trump in 2016, Fanone's closest friend was an informant—a Black, transgender, HIV-positive woman who has helped him mature and rethink his methods as a police officer. With his unique insight as an undercover detective and intense desire to do the right thing no matter the cost, Fanone provides a nuanced look into everything from policing to race to politics in a way that is accessible across all party lines. Determined to make sure no one forgets what happened at the Capitol on January 6th, Fanone has written a timely call to action for anyone who wants to preserve our democracy for future generations.

Understanding Community Policing - Bureau of Justice Assistance 2014-04-04

The movement toward community policing has gained momentum in recent years as police and community leaders search for more effective ways to promote public safety and to enhance the quality of life in their neighborhoods. Chiefs, sheriffs, and other policing officials are currently assessing what changes in orientation, organization, and operations will allow them to benefit the communities they serve by improving the quality of the services they provide. Community policing encompasses a variety of philosophical and practical approaches and is still evolving rapidly. Community policing strategies vary depending on the needs and responses of the communities involved; however, certain basic principles and considerations are common to all community policing efforts. To date, no succinct overview of community policing exists for practitioners who want to learn to use this wide-ranging approach to address the problems of crime and disorder in their communities. *Understanding Community Policing*, prepared by the Community Policing Consortium, is the beginning of an effort to bring community policing into focus. The document, while not a final product, assembles and examines the critical components of community policing to help foster the learning process and to structure the experimentation and modification

required to make community policing work. Established and funded by the U.S. Department of Justice, Bureau of Justice Assistance (BJA), the Community Policing Consortium includes representatives from the International Association of Chiefs of Police (IACP), the National Sheriffs' Association, the Police Executive Research Forum (PERF), and the Police Foundation. BJA gave the Consortium the task of developing a conceptual framework for community policing and assisting agencies in implementing community policing. The process was designed to be a learning experience, allowing police, community members, and policymakers to assess the effectiveness of different implementation procedures and the impact of community policing on local levels of crime, violence, fear, and other public-safety problems.

Fairness and Effectiveness in Policing - National Research Council 2004-04-06

Because police are the most visible face of government power for most citizens, they are expected to deal effectively with crime and disorder and to be impartial. Producing justice through the fair, and restrained use of their authority. The standards by which the public judges police success have become more exacting and challenging. *Fairness and Effectiveness in Policing* explores police work in the new century. It replaces myths with research findings and provides recommendations for updated policy and practices to guide it. The book provides answers to the most basic questions: What do police do? It reviews how police work is organized, explores the expanding responsibilities of police, examines the increasing diversity among police employees, and discusses the complex interactions between officers and citizens. It also addresses such topics as community policing, use of force, racial profiling, and evaluates the success of common police techniques, such as focusing on crime "hot spots." It goes on to look at the issue of legitimacy—how the public gets information about police work, and how police are viewed by different groups, and how police can gain community trust. *Fairness and Effectiveness in Policing* will be important to anyone concerned about police work: policy makers, administrators, educators, police supervisors and officers, journalists, and interested citizens.

Making Requests by Chinese EFL Learners - Vincent X. Wang 2011-05-10

Requests, a speech act people frequently use to perform everyday social interactions, have attracted particular attention in politeness theories, pragmatics, and second language acquisition. This book looks at request behaviours in a significant EFL population – Chinese-speaking learners of English. It will draw on recent literature, such as politeness theories and cognitive models for interlanguage pragmatics development, as well as placing special emphasis on situational context and formulaic language to provide a more fine-grained investigation. A range of request scenarios has been specifically designed for this project, from common service encounters to highly face-threatening situations such as borrowing money and asking a favour of police

officer. Our findings on Chinese-style pragmatic behaviours and patterns of pragmatic development will be of value to cross-cultural pragmatics researchers, TESOL professionals, and university students with an interest in this area of study.

House of Commons - Committee of Public Accounts: Police Procurement - HC 115 - Great Britain: Parliament: House of Commons: Committee of Public Accounts 2013-09-17

Police forces pay widely varying prices for very similar items, which means money is being wasted. The price paid for such basic items as standard-issue boots can vary from £25 to £114, or £14 to £43 for handcuffs. This is even the case where items are identical. It cannot be right that prices paid for the same type of high-visibility jacket varied by as much as 33%. With central funding being cut, police forces must ensure they get best value for money from procurement so that they can focus resources on fighting crime. Forces can make big savings through bulk-buying of items, but have been unable to agree on the most simple things, like how many pockets they should have on their uniforms. The Department cannot persuade enough individual forces to cooperate with its attempts to introduce more centralised procurement, in part because forces are sceptical about the commercial competence of procurement officers working at the centre. National contracts with suppliers are not used by enough forces and do not cover many basic goods and services. Forces' use of the new, online police procurement 'hub' is also woefully below the Home Office's expectations. By 2013, a miniscule 2% of items were being bought through this central hub, against a target of 80% by the end of this Parliament. Police and Crime Commissioners have authority over local spending but, as the Department remains accountable for public money voted by Parliament, it cannot step back from value for money issues

A Companion to Adorno - Peter E. Gordon 2020-04-21

A definitive contribution to scholarship on Adorno, bringing together the foremost experts in the field As one of the leading continental philosophers of the last century, and one of the pioneering members of the Frankfurt School, Theodor W. Adorno is the author of numerous influential—and at times quite radical—works on diverse topics in aesthetics, social theory, moral philosophy, and the history of modern philosophy, all of which concern the contradictions of modern society and its relation to human suffering and the human condition. Having authored substantial contributions to critical theory which contain searching critiques of the 'culture industry' and the 'identity thinking' of modern Western society, Adorno helped establish an interdisciplinary but philosophically rigorous study of culture and provided some of the most startling and revolutionary critiques of Western society to date. The Blackwell Companion to Adorno is the largest collection of essays by Adorno specialists ever gathered in a single volume. Part of the acclaimed Blackwell Companions to Philosophy series, this important contribution to the field explores Adorno's lasting impact on many sub-fields of philosophy. Seven sections, encompassing a diverse range of topics and perspectives, explore Adorno's intellectual foundations, his critiques of culture, his views on ethics and politics, and his analyses of history and domination. Provides new research and fresh perspectives on Adorno's views and writings Offers an authoritative, single-volume resource for Adorno scholarship Addresses renewed interest in Adorno's

significance to contemporary questions in philosophy Presents over 40 essays written by international-recognized experts in the field A singular advancement in Adorno scholarship, the Companion to Adorno is an indispensable resource for Adorno specialists and anyone working in modern European philosophy, contemporary cultural criticism, social theory, German history, and aesthetics.

For Shame, Boone! For Shame, Iowa! The Disappearance of Norma Maynard - Sidney S. Louis 2017-08-28

For Shame, Boone! For Shame, Iowa! The Disappearance of Norma Maynard By: Sidney S. Louis If you have a hidden, secret, wish to be Sherlock Holmes—and who doesn't, really—the Norma Maynard story is for you. An innocent woman was murdered and made to vanish—as if she had never existed. City of Boone, county of Boone and Iowa state level law enforcement were unable to determine what happened. To this day, it is not known: · Exactly when the missing woman was murdered · Who committed the murder · How it was done · Why it was done · Where the missing woman's remains are Join the author as he fights for twelve years to have his sister's murder properly investigated, only to be met with a stone wall of resistance from Iowa officials at city, county and state level. The author provides readers with the ability to set up their own investigative files. He helps them devise a scale to measure the effectiveness of officials that are part of the story. The reader will be able to question, with some authority, why the Norma Maynard case has not been resolved. Was this a deliberate choice by Iowa law enforcement and legal and judicial officials? If you elect to sleuth along with the author, will you be the one to solve the almost forty year riddle of the disappearance of Norma Maynard?

Transnational Environmental Crime - Rob White 2017-07-05

The essays selected for this volume illustrate the growing interest in and importance of crime that is both environmental and transnational in nature. The topics covered range from pollution and waste to biodiversity and wildlife crimes, and from the violation of human rights associated with the exploitation of natural resources through to the criminogenic implications of climate change. The collection provides insight into the nature and dynamics of this type of crime and examines in detail who is harmed and what can be done about it. Differential victimisation and contemporary developments in environmental law enforcement are also considered. Collectively, these essays lay the foundations for a criminology that is forward looking, global in its purview, and that deals with the key environmental issues of the present age.
